SOMATIC MOVEMENT EDUCATION PROGRAM

PROFESSIONAL ISSUES & COMPETENCY

What does it mean to be a professional and how do you transition into this role? This course will cover some of the important issues facing professionals in the somatic field. This course is also a review of skills and an evaluation of competency.

This course includes:

- The student/movement educator relationship.
- Responsibilities of being a professional, including ethical guidelines and health precautions.
- Setting up and managing a professional practice, such as, finances, publicity, managing space and time, promotion, interfacing with other professionals, supervision and networking.

Minimum course length: 3 days, 21 contact hours

Dates: July 14-16, 2020

Price: 410 € (360 € if paid earlier than two months from the beginning of the course)

Prerequisites: Completion of all other SME courses
